## A Host of Distinguished Awards for Barrington 220

Receiving the National Blue Ribbon Schools award from the U.S. Department of Education is something Barrington 220 is accustomed to. This prestigious honor has been given to eight Barrington 220 schools, some multiple times, over the National Blue Ribbon Schools' 32-year lifetime. Only about 7,000 schools in the entire country have ever received this award, given to Exemplary High Performing and Exemplary Achievement Gap Closing schools since 1982.

Both Countryside and Grove Avenue Elementary Schools received the honor in 2016 making Barrington 220 one of just two districts in the entire state of Illinois this year with multiple schools on the list. *Quintessential Barrington* caught up with Superintendent Dr. Brian Harris to learn more about why Blue Ribbon awards are something to be celebrated.

Superintendent Dr. Brian Harris

**QB:** *The National Blue Ribbon Schools Program was created in 1982 by the second U.S. Secretary of Education, Terrel H. Bell. How has the distinction changed over the years?*

**BH:** The honor was created by Secretary Bell as a way to draw attention to the exemplary schools across the nation. The requirements for a school to be eligible for the award have amplified over the years. In 2003, the program was restructured to place more emphasis on state assessment data. Schools were also required to show methods used to foster student success.

Currently, a school designated as Exemplary High Performing must have students achieving in the top 15 percent in English and math according to state assessments. Schools noted as Exemplary Achievement Gap Closing have made the greatest advances in closing the achievement gap in English and math as measured by state assessments.

**QB:** *This is the first time Countryside Elementary School has earned National Blue Ribbon School status. Why did Countryside earn the award this year?*

**BH:** Countryside was recognized as an Exemplary High Performing School by the U.S. Department of Education. This was not by chance. The staff at Countryside

are extremely passionate about what they do and are always striving to find improved instructional methods to produce higher outcomes for our students. Countryside also places a high value on community and parent involvement and emphasizes philanthropic efforts and opportunities for children. Students come to school prepared and excited to learn. This combination has resulted in social-emotional wellness for students, as well as academic success.

**QB:** *Grove Avenue Elementary School is the only Barrington 220 school that has earned the National Blue Ribbon School designation three times. What makes Grove Avenue such a special place for students?*

**BH:** Grove Avenue Elementary School earned the Blue Ribbon award in 1992 and again in 2008. The 2016 designation does

make Grove the only Barrington 220 school to receive this award three times, which is an outstanding honor that very few schools nationwide ever achieve. Grove Avenue is a Blue Ribbon School for many reasons. Staff are focused on meeting the unique needs of each student and providing an exemplary learning environment both academically and emotionally. Students are equally enthusiastic about learning and strive for excellence on a daily basis. The staff and parents of Grove are a collaborative team working together to support the needs of all kids and foster independent and productive learners.

We are extremely proud of both Countryside and Grove for receiving this outstanding honor.

**QB:** *Both schools will be honored in Washington, D.C., in early November. What happens at the official ceremony?*

**BH:** Both school principals and a handful of staff members will travel to Washington, D.C. on Nov. 7 for the recognition ceremony. At the ceremony, school representatives and supporters are able to collaborate and share ideas, meet with U.S. Department of Education officials, and attend a networking reception. Each school will receive a National Blue Ribbon School flag and plaque.

This award is given to only a few principals across the country each year. Dr. Kalogeropoulos was a longtime principal at Grove, holding the position for 31 years before retiring in June 2016. During her tenure at Grove, the school earned three National Blue Ribbon Schools recognitions (1992, 2007, and 2016). In the 34-year history of the National Blue Ribbon Schools program, she is the only principal to earn three blue ribbons for
