SALON & SPA 530 OFFERS HAIR, NAIL, MAKE-UP AND SKIN CARE EXPERTISE IN A VIBRANT SALON SETTING

SALON & SPA 530 OWNER Liza Tscheyka attracts top talent to her downtown Barrington salon and spa. The result is a loyal clientele, many of whom drive from distant suburbs for their regular haircut, color, and treatments. The salon's location at The Shops of Flint Creek offers easy access and plenty of parking. In January 2019 the business celebrates its 5-year anniversary.

"I started my career working on Michigan Avenue 30 years ago and came to work in Barrington in 1981," Liza says of her experience before owning a salon. "My clients are like family to me. I wanted to give them a beautiful salon home and knew the only way to do that was to design and open my own space. Salon & Spa 530 was born in January 2014. We owe our success to our loyal

clients and our dedicated and talented team. After all these years, I still have the same level of passion for the business and I love to help people look and feel their most attractive self."

The salon offers individualized services for women, men, and children. In addition, it frequently accommodates large special occasion groups, such as bridal parties, in the salon or on location. "Our hair stylists, and skin care and make-up experts offer new and innovative services and stay up-to-date with the latest trends," Liza said, "We have all of your beauty needs in one place."

HAIR SERVICES

Salon & Spa 530's hair coloring services cover every possible technique from all-over color to touch-ups and conditioning. Its specialty hair

treatments include Balayage, a French hair coloring technique where the color is painted on by hand to create natural highlights that work well with a person's unique hairstyle. Babylights are placed around the face for the client who wants a brighter face frame, but is not interested highlighting all their hair. Ombré highlights show no signs of slowing down. While Ombré hair coloring has few rules, the effect is that the hair color at the top lightens to a different shade as it reaches the bottom of the hair.

Do you miss the beach? Salon & Spa 530 can bring back your beach waves any time of the year. Or, offer a blow-dry for a smoother look. And for that special occasion, simple or sophisticated braids, hair extensions, and updos will make your day.

Hairstyles for special occasions include updos, braids, and more.

Salon & Spa 530 can offer make-up in salon or on location.

Expertly applied eyelash extensions.

In addition to hair services, Salon & Spa 530 is a Schwarzkopf signature salon and carries top salon brands, including Bumble & bumble, Schwarzkopf, Surface, Moroccan Oil, Keratin Complex, Sebastian products, and Locked & Loaded for men.

THE EYES HAVE IT

Salon & Spa 530 offers the most current eyebrow and eyelash enhancements. Voted #1 more times than any other brand in the world, Novolash® is oil-proof and instantly waterproof. The salon has seven technicians trained in eyelash extensions

with Novolash. They also offer eyelash lifts that are non-surgical and eyelash tinting using Bella Nova products.

Want to wake up with your eyebrows perfectly in place? Microblading is the perfect solution for defining one of your face's most important features. Or, Microblading can help fill in gaps, create the brow shape you desire, or rescue over-plucked eyebrows. Microblading is a technique where a special Microblading pen is used to draw on fine individual strokes, one by one. The result can last up to three years with periodic touch-ups. Microblading uses semi-permanent tints and is not a permanent tattoo.

THE SKIN YOU'RE IN

Men and women visit Salon & Spa 530 to take care of their complexion. Facials include the signature facial package, gentlemen's facial, anti-aging facial, and specialized treatments for teen's skin. Chemical peels and eye treatments are available. For make-up applications, consider trying airbrushing for a flawless look. The salon provides all types of waxing services, as well as spray tans.
